Education

Hangzhou Dianzi University 2023 – 2027

B.Eng. in Communication Engineering

- Ranked top 10% in major.
- Coursework: algorithms, DSP, deep learning, linear algebra, probability and statistics, neural networks, digital communications.

The University of Sydney Summer 2024

Summer School

- Fundamentals of Deep Learning and Academic English. Excellent in both assessments.

Research Experience

Research Assistant, RAWLab, HKUST (Guangzhou) Jul. 2026 – present

Advisor: Ziteng Cui

- Computational photography, with a focus on imaging under real-world degradation.

Research Assistant, University of Sheffield Mar. 2026 – present

Advisor: Delvin Ce Zhang

- Video misinformation detection. First author of HyperClaim (submitted).

MILab, Hangzhou Dianzi University 2025 – present

Advisor: Zhenzhong Kuang

- 3D reconstruction and super-resolution. Co-first author of SR3R (CVPR 2026).

IIPL, Hangzhou Dianzi University 2024 – present

Advisors: Wenbin Jiang and Jin Wang

- Neural audio coding. First author of SwitchCodec (ICASSP 2026 Oral).

Publications

Author name in bold.

1. X. Feng, **X. Wang**, T. Zhong, C. Wang, Y. Zhao, T. Xu, Z. Kuang, F. Qin, X. Yin, and Y. Zhu. SR3R: Rethinking Super-Resolution 3D Reconstruction With Feed-Forward Gaussian Splatting. *IEEE/CVF Conference on Computer Vision and Pattern Recognition (CVPR)*, 2026. Co-first author. PDF
2. **X. Wang**, W. Jiang, J. Wang, Y. You, S. Fang, and F. Wen. SwitchCodec: Adaptive Residual-Expert Sparse Quantization for High-Fidelity Neural Audio Coding. *IEEE International Conference on Acoustics, Speech and Signal Processing (ICASSP)*, 2026. Oral. First author. arXiv
3. **X. Wang**, J. Zhang, X. Yu, L. Lei, and D. C. Zhang. HyperClaim: Fine-Grained Cross-Modal Hypergraph Reasoning for Video Misinformation Detection. Submitted. First author. arXiv

Research Interests

Computational photography; 3D computer vision (feed-forward Gaussian Splatting and super-resolution reconstruction); world models.
