Education

Hangzhou Dianzi University

B.ENG. IN COMMUNICATION ENGINEERING

Hangzhou, China

2023 – 2027

- Ranked top 10% in major.

The University of Sydney

SUMMER SCHOOL

Sydney, Australia

Summer 2024

- Fundamentals of Deep Learning & Academic English. Excellent in both assessments.

Research Interests

Core interests. Computational photography, 3D computer vision, and world models — recovering usable signal from imperfect real-world capture, and building geometry-grounded spatial representations.

Core question. How can we recover high-fidelity structure from degraded observations (sensors, codecs, sparse views) and turn it into predictive spatial world models?

Honors

2024 Sydney Summer School — Excellent in both assessments.

2023–2027 Top 10% in major, Hangzhou Dianzi University.

Publications

*Equal contribution. **X. Wang** is the author.

Conference

[C2] X. Feng*, **X. Wang***, T. Zhong, C. Wang, Y. Zhao, T. Xu, Z. Kuang, F. Qin, X. Yin, and Y. Zhu. SR3R: Rethinking Super-Resolution 3D Reconstruction With Feed-Forward Gaussian Splatting. CVPR, 2026. Co-first. [Paper]

[C1] **X. Wang**, W. Jiang, J. Wang, Y. You, S. Fang, and F. Wen. SwitchCodec: Adaptive Residual-Expert Sparse Quantization for High-Fidelity Neural Audio Coding. ICASSP, 2026. Oral. First author. [Paper]

Preprint

[P1] **X. Wang**, J. Zhang, X. Yu, L. Lei, and D. C. Zhang. HyperClaim: Fine-Grained Cross-Modal Hypergraph Reasoning for Video Misinformation Detection. Submitted, 2026. First author. [Paper]

Research Experience

RAWLab, HKUST (Guangzhou)

RESEARCH ASSISTANT, ADVISED BY ZITENG CUI

Guangzhou, China

Jul. 2026 – Present

- Research topics: computational photography, imaging under real-world degradation.

University of Sheffield

RESEARCH ASSISTANT, ADVISED BY DELVIN CE ZHANG

Sheffield, United Kingdom

Mar. 2026 – Present

- Research topics: video misinformation detection, cross-modal hypergraph reasoning.
- First-author HyperClaim (submitted).

MLab, Hangzhou Dianzi University

MEMBER, ADVISED BY ZHENZHONG KUANG

Hangzhou, China

2025 – Present

- Research topics: feed-forward Gaussian Splatting, super-resolution 3D reconstruction.
- Co-first author of SR3R (CVPR 2026).

I IPL, Hangzhou Dianzi University

MEMBER, ADVISED BY WENBIN JIANG AND JIN WANG

Hangzhou, China

2024 – Present

- Research topics: neural audio coding, residual-expert vector quantization.
- First author of SwitchCodec (ICASSP 2026 Oral).

Skills

Programming. Python, MATLAB, $\text{\LaTeX}$, Linux.

Frameworks. PyTorch, OpenCV.
